IMPARTING MOMENTUM TO INFRASTRUCTURE DEVELOPMENT
JULY 2020

600 LANGUISHING PROJECTS COMPLETED

- Accountability
- Stakeholders Participation
- Transparency Benchmark
- Dedicated Organization

Jammu & Kashmir Infrastructure Development Finance Corporation Limited
It gives me immense pleasure to note that Jammu & Kashmir Infrastructure Development Finance Corporation Ltd. (JKIDFC) has come up with its 3rd publication showcasing 600 completed projects funded by the Corporation which were languishing earlier.

The objective of JKIDFC is to provide financing to Projects which have been left incomplete for years for want of resources to ensure that benefit of projects reaches the people without much further delay.

Some of the mega languishing infrastructure development projects successfully completed in this FY 2019-20 are Construction of 400 flats at pampore (Rs 90.653 Crore), 300 TPD Clinker Grinder cum Packing Unit (Rs 26.97 Crore), Govt. Silk Factory, Bari-Brahmana (Rs 16.84 Crore), Construction of Auditorium cum Conference Hall at Raj Bhavan (Rs 16.805 Crore), Construction of Lab cum Office Block B, Shalimar SKUAST-K (Rs 11.00 Crore) etc.

Besides, Corporation has set its goal to effectively monitor the Projects being funded by it through innovative and novel methods. I am happy to note that JKIDFC is evolving as a professional and efficient entity. I am sure that inputs of stakeholder will help the Corporation in creating Benchmarks in speedy execution of projects and serve as reference to other organizations. I compliment the team of JKIDFC for the work done by them in reaching the current Milestone.

G. C. Murmu
It is a matter of pride that Jammu & Kashmir Infrastructure Development Finance Corporation Ltd. (JKIDFC) is bringing out third Publication highlighting completion of 600 Projects of public importance funded by it during financial year 2019-2020.

Since its inception JKIDFC has been instrumental in promoting efficient work culture and addressing infrastructure bottlenecks of Jammu & Kashmir. The current publication is an attempt to enhance transparency and accountability in order to improve the quality of the output and discipline among the Project Executing Agencies. While the first milestone of completing 200 Projects was achieved in February, the JKIDFC achieved another milestone of 500 more projects completed by March 2020 and has now achieved another milestone of completing 600 more projects.

I compliment JKIDFC team for transforming an idea into reality and creating a niche for JKIDFC in overall framework of implementation of Projects in Jammu & Kashmir.
Jammu & Kashmir Infrastructure Development Finance Corporation Ltd. (JKIDFC) was incorporated in 2018. In its short period of existence, it has established itself as one of the most efficient public entities.

This publication depicts over 600 completed projects amounting to Rs 775.78 crore. Out of these, 04 projects completed were languishing for more than 20 years, 16 projects for more than 15 years, 91 projects for more than 10 years, 228 projects for more than 10 years and 267 upto 5 years. This compilation also covers comments from the Administrative Secretaries, members of the civil societies and all other stakeholders which is a welcome step.

JKIDFC has been transforming systems and promoting unprecedented levels of Transparency by institutionalising J&K Infrastructure Monitoring System (JKIMS), an online project management, monitoring, information and payment system of all Infrastructure Projects being funded through the (JKIDFC). A dashboard has been created on the portal for public use. The System enables Real time Monitoring features like Geo-Tagging, project completion certificate, image uploading facility of finished projects, dashboard for monitoring of progress by Lieutenant Governor, Chief Secretary, Administrative Secretaries and Deputy Commissioners, adding to transparency and accountability. Quantitative performance evaluation has been made possible and at the click of the button. Identification of the strong and weak performers is now possible with IT enabled tools embedded in the JKIMS for timely course correction.

To inculcate transparency, first e-book to showcase 200 completed projects was published by the JKIDFC in February and 2nd showcasing 500 completed projects in June. This 3rd publication depicts more than 600 completed languishing projects.
JKIDFC is immensely grateful to Hon’ble Lieutenant Governor and Chief Secretary, Jammu & Kashmir and all the stakeholders for extending their support to the Corporation in achieving this milestone. JKIDFC is also grateful to all the stakeholders for their valuable suggestions which will help Corporation to further improve its business processes and quality of assets.

Dr. Arun Kumar Mehta
Since inception, JKIDFC has been on the path of continuous transformation to ensure financial discipline using IT enabled tools with real time monitoring to complete the languishing projects as per timelines indicated by the Departments. This book is the compilation of 606 completed projects with an expenditure of Rs 775.78 crore as on date. Out of these languishing projects, 04 projects completed have been languishing over more than 20 years, around 16 projects for more than 15 years, 91 projects for more than 10 years and around 228 projects less than 5 years. These projects include extension of roads from 5 to 10 kms, bridges and water supply schemes, etc helping in meeting basic needs of the people and improve their quality of life. The year wise languishing projects completed ending June, 2020 is given hereunder:

<table>
<thead>
<tr>
<th>S.No</th>

</tbody>
</table>

With the completion of these projects, the Corporation has been able to ensure creation of infrastructure for the public use, which was otherwise unutilised for so many years.
JKIDFC has been successful in completing projects that were languishing for over a long period of time.

</table>
Generation of Revenue Stream for debt servicing

JKIDFC has raised long tenure loan for period of 20 years to fund the languishing projects. In order to meet debt obligations of financial institutions for the repayment of loans, JKIDFC, with the approval of the Administrative Council, has generated an additional repayment stream without stressing resource base of the Government by levy of additional taxes and user charges.

The additional revenue generated during the previous financial year 2019-20 is given as under:

<table>
<thead>
<tr>
<th>S.No</th>
<th>Source of revenue realisation</th>
<th>Amount realised in crores</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>Revision of taxes on diesel/motor spirit</td>
<td>116.00</td>
</tr>
<tr>
<td>2.</td>
<td>Increase in road taxes</td>
<td>150.00</td>
</tr>
<tr>
<td>3.</td>
<td>Improving collection of water connection charges</td>
<td>61.00</td>
</tr>
<tr>
<td>4.</td>
<td>Toll on Tobacco</td>
<td>22.00</td>
</tr>
<tr>
<td></td>
<td><strong>Total</strong></td>
<td><strong>349.00</strong></td>
</tr>
</tbody>
</table>

During the last financial year the incremental revenue accrued to JKIDFC by way of above decisions has been 349.00 crore out of which repayments have been below Rs. 50.00 crore. This way the Corporation has been able to service its debt obligations without putting additional burden on the exchequer and resource base of the Government.

District: Anantnag
Name: Construction of 1x25 Mtr Span RCC Steel Girder bridge between Guree and Keripora Bijbehara (LUP0108)
Project Cost (JKIDFC): Rs 0.68 cr
No. of People Benefitted: 15,000 People

Languishing Since: September, 2010
Date of Completion: March, 2020
Salient Features:
1-Type of bridge: Steel truss bridge with MS chequered plates decking. 2-span of the bridge (centre to centre of bearing): 1 x 25 mtr 3-carriage way width: 3.00mtr.

The completion of this overhead bridge under JKIDFC has provided safety to all the pedestrians of the area who were prone to accidents due to the National Highway road.

Mr. Zulfikar Ahmad,
Respected Citizen, Anantnag

Name: Overhead Pedestrian Crossing at Bijbehara (LUP0109)
Project Cost (JKIDFC): Rs 0.79 cr
No. of People Benefitted: 14,000 People

Languishing Since: Dec, 2011
Date of Completion: May, 2019
Salient Features: Overhead pedestrian crossing with roofing over national highway Bijbehara Anantnag
Name: Bridge over Nallah Kraloo on Kraloo Uril road (LUP0111)
Project Cost (JKIDFC): Rs 0.94 cr
No. of People Benefitted: 15,000 People

Languishing Since: September, 2012
Date of Completion: August, 2019
Salient Features: The Bridge connects Kraloo to Urli road and is 40 mtr span steel girder bridge.

Name: Steel trussed bridge over Kraloo Nallah (LUP0112)
Project cost (JKIDFC): Rs 1.08 cr
No. of People Benefitted: 20,000 People

Languishing Since: August, 2012
Date of Completion: September, 2019
Salient Features: 30 Mtr spand Steel trussed bridge near kraloo village and is single lane motorable.

Name: Bridge over Nallah Kraloo on Kraloo Uril road (LUP0111)
Coffee Table Book (Jammu & Kashmir Infrastructure Development Finance Corporation)

Languishing Since: November, 2013
Date of Completion: December, 2019
Salient Features: The Bridge is 60 mtr span steel girder two lane motorable bridge.

Name: Motorable bridge over Nallah Khider / Budikhul (LUP0113)
Project Cost (JKIDFC): Rs 1.45 cr
No. of People Benefitted: 8,900 People

Languishing Since: September, 2012
Date of Completion: November, 2019
Salient Features: Single Lane 37 Mtr girder bridge connecting Lalipora to Khanland

Name: 1x37 Mtr span girder bridge at Lalipora to Khanland (LUP0114)
Project Cost (JKIDFC): Rs 0.69 cr
No. of People Benefitted: 8,500 People

The Bridge is helpful to the locals and the visitors in reducing the distance and clearing of traffic jams in the areas. Commendable Work from JKIDFC.

Mr. Asif Khan,
Respected Citizen, Anantnag
Name: Steel girder bridge at Badasgam A to Badasgam B over Bud Khul (LUP0115)  
Project Cost (JKIDFC): Rs 2.25 cr  
No. of People Benefitted: 12,500 People

Languishing Since: August, 2011  
Date of Completion: January, 2020  
Salient Features: 40 mtr Two Lane span Steel Girder motorable bridg connecting Badasgam A with Badasgam B over bud Khul

Name: Bridge over Nallah Grawan near Syedpora Kharati Vailoo (LUP0116)  
Project Cost (JKIDFC): Rs 1.23 cr  
No. of People Benefitted: 8,200 People

Languishing Since: Aug, 2014  
Date of Completion: Feb,2020  
LUPCODE: LUP 0116  
Salient Features: Type of bridge: Steel Girder bridge with span of the bridge (centre to centre of bearing): 21 mtr 3-carriage way width: 2.50mtr
Name: Steel Trussed Bridge over Nallah Aripath (LUP0117)
Project Cost (JKIDFC): Rs 0.68 cr
No. of People Benefitted: 5,900 People

Languishing Since: August, 2014
Date of Completion: April, 2019
Salient Features: Steel Truss Bridge having overall width = 3.30 Mtr and this provides connectivity to Aripath and other adjacent areas.

Const. of above bridge is a step to break the isolation of villages. A highly appreciating initiative by JK Government through such schemes.

Irfan Dar,
Respected Citizen, Anantnag

Name: Steel trussed jeepable Bridge at Bangidar Anantnag (LUP 0759)
Project Cost (JKIDFC): Rs 2.85 cr
No. of People Benefitted: 30,000 People

Languishing Since: January, 2008
Date of Completion: March, 2020
Salient Features: Two Lane steel trussed bridge 20 mtr at Bangidarr connecting Bangidhar to Anantnag district reducing a distance of 3.25 kms
Coffee Table Book (Jammu & Kashmir Infrastructure Development Finance Corporation)

Name: Steel Girder Bridge over Nallah Bringi at Village Poru Goihard (LUP1208)
Project Cost (JKIDFC): Rs 0.46 cr
No. of People Benefitted: 2,890 People

Languishing Since: July, 2011
Date of Completion: May, 2019
Salient Features: RCC type Steel Truss Bridge having overall width = 1.80 Mtr and this provides connectivity to Village poru Goihard and other adjacent areas.

Name: Chakilpora Thimran road (LUP1212)
Project Cost (JKIDFC): Rs 0.73 cr
No. of People Benefitted: 15,000 People

Languishing Since: March, 2009
Date of Completion: February, 2020
Salient Features: The road connects two villages Chaklipora and Thimran road.

Name: Steel Girder Bridge over Nallah Bringi at Village Poru Goihard (LUP1208)
Project Cost (JKIDFC): Rs 0.46 cr
No. of People Benefitted: 2,890 People
Name: Arhama Badasgam road (LUP1846)  
Project Cost (JKIDFC): Rs 0.72 cr  
No. of People Benefitted: 2,400 People  

Languishing Since: March, 2012  
Date of Completion: August, 2020  
Salient Features: The road connects Arhama to Badasgam road for a length of 2.14 kms

Languishing Since: March, 2013  
Date of Completion: November, 2019  
Salient Features: Construction of Additional Accommodation for the school for smooth functioning of Classrooms, Laboratories, Library and Examination Halls

Name: HS Lukbhawan Dooru (LUP0998)  
Project Cost (JKIDFC): Rs 0.48 cr  
No. of People Benefitted: 300 People
Coffee Table Book (Jammu & Kashmir Infrastructure Development Finance Corporation)

**Name:** Govt. HSS Nanil Bijbehara (LUP0999)
**Project Cost (JKIDFC):** Rs 0.29 cr
**No. of People Benefitted:** 500 People

Languishing Since: September, 2015
Date of Completion: January, 2020
Salient Features: Construction of Additional Accomodation for the school for smooth functioning of Classrooms, Laboratories, Library and Examination Halls

Completion of this playfield has improved the quality of sports trainings and sessions conducted by various groups for promoting new talents in the district. A highly appreciating initiative by JK Government through such schemes.

One of my personal concerns was the Washrooms for fans and I am delighted to hear that it has been taken care as well and now Washrooms will be available for fans also. I must appreciate and congratulate entire team of JKIDFC and Sports Council for making all theses facilities available for everyone”

Ishfaq Ahmad,
Technical Committee,
All India Football Federation

The Facilities at TRC Synthetic Turf Football Stadium has really helped the Football Lovers to witness the elite class matches of the country such as I-League tournament which has seen top reputed clubs like Mohun Bagan, East Bengal and many other playing on our soil. It was a dream come true for football lover of the game who outrightly supported Real Kashmir Football Club at synthetic turf as their home venue and it is apt to mention here that the average in-Stadium crowd attendance was highest in number across country.”

Mehraj-ud-din Wadoo,
International Footballer,
Indian Football Team
The Lumination of the Stadium provides Sports Facilities during night hours.

“The Government of Jammu & Kashmir under JKIDFC had sanctioned 1877.54 lakhs to SKUAST-Kashmir for execution of 07 languishing projects (five girls’ hostels, one symposium complex and one lab/office block).

Out of 07 projects, 02 hostels (01 at Main Campus, Shalimar and the other at Faculty of Veterinary Sciences & Animal Husbandry at Shuhama) and a Lab/Office Block-B at Shalimar campus have been inaugurated and are now fully functional. The construction of Girls Hostel at Faculty of Agriculture, Wadura, Sopore has been completed and is ready for inauguration. The construction of two Girls Hostels one each at Faculty of Fisheries, Rangil, Ganderbal and Faculty of Forestry, Benhama, Ganderbal is near completion. Whereas, 70% of the work on Symposium (Auditorium) Complex at Main Campus, Shalimar has been completed and the remaining 30% is likely to be completed during 2020-21.

I appreciate the initiatives of the Government especially the geo-tagging facility created for effective monitoring of the projects, uploading of the languishing project photograph on the portal of J&K infrastructure Monitoring System (JKIMS) for the information of all stakeholders, and payment mode through online mechanism developed on the MIS portal of Jammu and Kashmir Infrastructure Development Finance Corporation (JKIDFC) proved an excellent, transparent and effective tool for completion of the developmental works in a time bound manner.

The University is highly thankful to Finance Department and Agriculture Production Department, Government of J&K for generous financial support especially under languishing projects for time bound completion through Jammu and Kashmir Infrastructure Development Finance Corporation Ltd. (JKIDFC). The student facilities strengthened by way of augmenting girl’s hostels and laboratory facilities have enabled the University to give fillip in enhancing efficiency and academic performance of the students.”

Professor Nazeer Ahmad
Vice-Chancellor,
SKUAST- J&K
“It gives the Department of Youth Services and Sports immense pleasure to contribute and to be part of this publication on the tremendous work being done for the development of infrastructure in the Union Territory of Jammu & Kashmir.

Several steps have been taken by the Government, to develop sports infrastructure not just in cities and towns, but at the grass-root level for which Finance Department has increased the budget manifold. Up-gradation of Stadium's, Indoor sporting facilities in every district, Turf, Courts, Tracks and Playfield are coming up in entire U.T for which liberal funding is being provided.

Department of Youth Services and Sports conveys its strong commitment and support towards sports and the holistic development of the youth.”

Shri Sarmad Hafeez, IAS
Secretary to Government,
Youth Services & Sports Department.
I am very happy to know that the Jammu and Kashmir Infrastructure Development Finance Corporation is coming up with a Coffee-Table Book on its activities and achievements. I feel privileged to have been associated with the formation of this innovative Organization in 2018. The JKIDFC, since its inception, has been pioneering the growth and improvement of several Infrastructure Projects in Jammu and Kashmir that had been languishing either for want of finance or other logistics.

In a short period of time, this groundbreaking Organization has already made a visual impact in the Development of Government Sector projects of Jammu and Kashmir. The highly transparent Portal-based mechanism for monitoring Infrastructure Projects and release of payments is being appreciated by all and deserves to be adapted as a Standard in all Government funded Projects.

I congratulate all Team Members of the Jammu and Kashmir Infrastructure Development Finance Corporation for having successfully implemented this state-of-the-art scheme for the past two years and take this opportunity to wish them more success in their endeavor for future.

Shri Nazim Zai Khan, KAS
Deputy Commissioner, Ramban, J&K

Dr. Fareeda Khan
Chairperson, Block Development Council, Sopore

I send my best wishes and I am highly satisfied for the work done especially under the Water Supply Ningli Amberpora (Tarzoo) funded under JKIDFC.

This scheme will benefit the people and fulfil the aspirations of the General Public of the area in block Sopore.

Dr. Fareeda Khan
Chairperson, Block Development Council, Sopore

“..."
“The Corporation is working with a vision to provide an innovative solution for funding the infrastructure needs of Jammu and Kashmir. In District Anantnag, 127 languishing projects worth Rs 242.7646 crore have been financed under JKIDFC by J&K government to fast track their completion. These include 52 projects worth Rs 106.5525 crore of PHE (Jal Shakti) Department, 36 projects of Public Works Department worth (Rs 57.964 crore), 04 of PDD (Rs 8.7419 crore), 11 of Health (Rs. 20.0198 crore), 11 of Sports Council (Rs 17.96 crore), 05 of H&UDD (Rs 21.8696 crore), 06 of School Education (Rs 4.117 crore), 01 of Industries (Rs 4.92 crore) and 01 of Handicrafts (Rs 0.62 crore).

Out of 127 approved project, 31 projects have been completed and 96 are in progress and most of them are expected to be completed by end of this financial year (2020-21).

It is in place to mention here that most of the projects funded by JKIDFC include creating public utilities like roads, bridges, water supply schemes, sports facilities, educational institutions and industrial estates. All of these projects are of high public importance and once completed would create immense changes on the developmental landscape of District besides easing the day to day lives of the general public to a large extent.”

Kuldeep Krishan Sidha, KAS
Deputy Commissioner,
Anantnag, J&K
“It gives me immense pleasure to acknowledge that Jammu and Kashmir Infrastructure Development Finance Corporation since its inception has changed the developmental scenario of the Union Territory of J&k in general and Rajouri district in particular. Water, electricity, connectivity, healthcare and the like perhaps, are among the top priorities, people would like to be taken up with the Government on serious and concrete basis. The travesty, however which remained, is that some time, announcements for various projects are made, which keep the people happy, related to these basic requirements but soon that happiness turns into resentment as most of such projects somehow started and soon become abandoned, to languish. The same had happened with district Rajouri and Speculations about such projects keep simmering as to whether they were altogether abandoned or had some chances of revival. It was heartening to learn that such projects were large in no. belonging to Public Works Department, Public Health Engineering (Jal Shakti), Education, Rural Development, Irrigation & Flood Control, Youth Services and Sports, Ground water, Industries & commerce etc. When thinking on pioneering and workable proposals, has given a serious purge for going practical, where steps like establishment of Jammu and Kashmir Infrastructure Development Finance Corporation (JKIDFC) are successfully taken. The initiative, a major one has fructified to pave the way for restarting the projects in dormancy, to speed up the work on them so that they were soon completed, all in the interests of the people.

The biggest success of such initiative is when people are being heard and they speak out their heart out and infrastructure upgradation issues in their areas get addressed. The creation of JKIDFC, emerged as ray of hope for the completion of these projects and around 242 Nos. of such held up projects costing Rs. 360.00 Crores (Approx) were sanctioned for District Rajouri, out of which more than 60 % no. of projects stand completed and rest are under are under execution. In Rajouri, in total 242 Nos of projects comprising of 16 Nos of Bridges, 83 nos of roads, 10 School buildings, 04 Sports Stadiums/complexes, 43 Pumping stations, 13 main canals of I&FC, 80 Hand pumps, 02 Grid stations and others were sanctioned, with cost implication of Rs. 360.00 Crores, under Languishing for completion and further utility in the interest of public.

I personally feel that, implementing development programmes for Jammu and Kashmir in general and district Rajouri in particular, which include overall development of district by way of creating necessary infrastructure, so as to change the outlook of villages/ towns cannot be achieved without initiatives like JKIDFC in future too.

I wish early completion of these projects by the end of December 2020, to dedicate the same for public of District Rajouri.”

Mohammad Nazir Sheikh,
Deputy Commissioner,
Rajouri
“JKIDFC has been working as a boon for the people living in difficult terrain of Reasi District. We have 30 projects which stands complete till now and others are under execution. Many road projects got completed like Reasi to Keyala; Kotli to Karwah; Ransoo to Kotla; Gurah to Charal.

But my favorites is the *Kanjli bridge* which is just near completion and shall play a major role in connecting an entire panchayat with civilization and progress. This Panchayat Kanjli was known for snakes and stones with no connectivity but not anymore.

The second aspect of JKIDFC which should be highlighted are the water supply schemes of the district especially the *mendi to baghudas* WSS which is one of the remotest panchayats of Reasi and it takes one and a half day to reach the habitations. Similarly Mohra mall of Tulli panchayat as well. But the one network of water supply which has garnered blessings from the poor parents are those *220 schools* who will get water supply due to the Languishing scheme concept.”

Smt. Indu Kanwal Chib, KAS
Deputy Commissioner,
Reasi, J&K

“Jal Shakti Department (Kashmir PHE Wing) has revived more than 400 languishing projects for want of funding under JKIDFC. This Program has proved to be the best source of satisfaction to the inhabitant of the valley who have either got water supply or are in process of getting it, purely because of the funding through this programme.”

Er. Iftikhar A. Wani
Chief Engineer, (Kashmir PHE Wing)
Jal Shakti Department
“The decision of Government of J&K to fast track the completion of languishing projects which were meandering along for a very long time has been very forward looking if not historic. The Irrigation & Flood Control Department Kashmir has been a big beneficiary of this initiative with 31 such languishing Schemes being provided balance funds to the tune of Rs. 91.04 Crore through JKIDFC. Out of 31 schemes 6 have already been completed and 25 schemes are targeted for completion this year. The JKIDFC deserves lot of credit for this support.”

Er. Iftikhar Kakroo  
Chief Engineer, (Irrigation & Flood Control)  
Jal Shakti Department

“On behalf of people of Wadoora, I am grateful to JKIDFC for macadamisation of our roads which have been so far languishing in a debilitated state for ages.

Again with utmost humility, I pay my gratitude to the Department for their sincere and dedicated efforts invested in our village which eased/heightened our standard of living”

Dr. Mohammad Ramzan Bhat  
Chairman, Civil Society Wadoora,  
Sopore, Kashmir
“Languishing project is a project that just sits on shelf and never get finished. These projects are just like a plant that is never watered and that gets sicker and sicker. However, after approval by the High Powered Committee for funding through Jammu & Kashmir Infrastructure Development Finance Corporation, these languishing projects have been completed in shortest possible time. The way these projects are completed is really a proud moment for the people. In past, no one was taking much care about these projects. However, JKIDFC left no stone unturned to complete these genuine and people welfare projects. Downtrodden people of far flung area too get benefited through these projects. Completion of these projects becomes possible only by hardworking of this Corporation by which many areas are progressing by leaps and bounds. I wish team of JKIDFC all the best”

Ishaq Rashid Malik,
Social Activist Bhatyas, Bhallessa

“It is my pleasure to extent my greeting and best wishes to JKIDFC for highlighting its work and activities in funding under various sectors for development of J&K. the role of JKIDFC for the purpose is commendable.

Especially I personally appreciate its role in funding various schemes in Jal Shakti Department in Irrigation and PHE sector under languishing program in Lolab valley of District Kupwara. Really it has helped us in drinking water facilities and boosted our crop pattern in irrigation field to great extent. I wish that JKIDFC will continue its activities with same zeal and zest”

Mushtaq Ahmed,
Social Activist /Senior Citizen,
Lolab Welfare Committee
Jammu & Kashmir Infrastructure Development Finance Corporation has improved the time frame of funding and has been successfully able to achieve the completion of projects which were halted for a very long duration of time. The completed projects have benefitted the general public and all the stakeholders of the projects.

The Corporation can have a system of monitoring the monthly progress of all the projects through PERT chart. The PERT chart shall be made by the Department which shall be duly verified by the Departmental authorities and the Contractor of the respective project, so that both the Department and the Contractor shall be held accountable for projects to be completed in targeted time frame.

Zahoor & Co.
President (Contractor) Rajbagh, Kashmir

“The Corporation has been successful in completing various projects like Water Supply Schemes, Irrigation Khul, Bridges, Sports Stadium which were languishing for a long period of time. The completion of these important infrastructure projects have given sigh of relief to the beneficiaries and are currently being utilized by the general public.

Jammu & Kashmir Infrastructure Development Finance Corporation has also provided relief to the contractors across UT of J&K by way of providing smooth and hassle free funding ensuring stabilized flow of payments against the completed works”

Vinod Kohli,
(Gen. Secretary Contractor Coordination), Jammu
Jammu & Kashmir Infrastructure Development Finance Corporation has increased competitions between the contractors by assuring faster and secured funding to the projects which has improved the quality of the work. Various Stakeholders are associated with Contractors like Labourers, Suppliers, etc., who have received payments in a timely manner. The Stabilized flow of funding has made a huge boost to the economy and has created a diverse employment opportunities in the sector.

JKIDFC has been successful in starting and completing the stagnant projects which were languishing since decades and has been able to fulfil the needs of the public by delivering public utility projects in a time bound manner.

Bashir Ahmad Khan
Chairman, Contractors Committee
Kashmir

“Various important projects undertaken and completed by JKIDFC, have resulted in economic boost to the UT of J&K by generating a substantial source of Revenue. Also the timely payments has provided stability to the Stake holders associated with the projects handled by JKIDFC. The Corporation must stress upon the equitable distribution of Projects across Union Territory of J&K so that very important project are equally distributed across all the regions/districts of the Union Territory of Jammu & Kashmir.

Jammu & Kashmir Infrastructure Development Finance Corporation must continue to undertake important Public Utility projects like Water Supply Schemes, Irrigation Khuls, Roads, etc for welfare of the people.

Narendra Gupta,
President Contractor (R&B), Jammu
“The Corporation has been delivering exceptional services to the people of J&K since its inception and has completed many languishing projects which were of high public importance and use. I have been associated with JKIDFC through a project “Volleyball Court at Soibugh HSS” and the processes of the Corporation are very basic and highly technical which ensures the transparency framework of the Corporation.

Jammu & Kashmir Infrastructure Development Finance Corporation has improved the time frame of funding and has been successfully able to achieve the completion of projects halted from a very long period of time.”

LG releases Coffee Table Book of JKIDFC

on June 20, 2020 in Jammu Tags:

STATE TIMES NEWS

Governor, Gopesh Chanda Murmu on Friday released the Coffee Table Book of Jammu & Kashmir Infrastructure Development Finance Corporation (JKIDFC). The book is an attempt to showcase the various infrastructure development projects undertaken by JKIDFC in the state.

The launch ceremony was held at the JKIDFC head office in Jammu. The book highlights the achievements of JKIDFC in various sectors such as roads, bridges, and other infrastructure projects.

The book also highlights the role of JKIDFC in promoting economic growth in the state by providing necessary funding and support for infrastructure projects.

THE ECONOMIC TIMES

Sports infrastructure of over Rs 400 cr coming up across Jammu and Kashmir

Sports infrastructure of over Rs 400 cr coming up across Jammu and Kashmir

The government of Jammu and Kashmir has announced plans to develop sports infrastructure worth over Rs 400 crore across the state. The plan includes the construction of sports complexes, stadia, and other amenities to promote sports activities.

The government has allocated funds to support the development of sports facilities in various districts of the state. The initiative is expected to boost sports activities and provide opportunities for athletes to train and compete at a professional level.

Comments from Board of Directors:

“It is a matter of pride that Jammu & Kashmir Infrastructure Development Finance Corporation Ltd. (JKIDFC) is bringing out third Publication highlighting completion of 606 projects of worth Rs. 775.78 crore projects of public importance funding by it during financial year 2019-20 and 2020-21. JKIDFC has been instrumental in promoting efficient work culture and addressing infrastructure bottlenecks of Jammu & Kashmir.

JKIDFC has been transforming systems and promoting unprecedented levels of transparency by using JKIMS Portal an online project management, monitoring, information and payment system, Real time Monitoring features like Geo-Tagging, project completion certificate. Images before and after upload, dashboard for monitoring of progress by the Hon’ble Lieutenant Governor, Chief Secretary, Administrative Secretaries and Deputy Commissioners.

I compliment the team of JKIDFC for the work done by them in reaching the current milestone”

Shri, Hirdesh Kumar, IAS
Director, JKIDFC

“Jammu & Kashmir Infrastructure Development Finance Corporation Ltd. (JKIDFC) was incorporated in 2018, for completion of Unfunded/Languishing Infrastructure Projects and any other new Infrastructure projects which are a priority for Jammu & Kashmir.

Within a span of one and a half year, the Corporation completed 606 infrastructure projects worth Rs.775.78 Cr. including 121-roads, 93-Bridges, 85-sports infrastructure projects, 27-education infra-projects, 18-buildings, 104-Water supply projects (Jal shakti), 44-power infrastructure projects, 33-Health infrastructure projects, 9-over head tanks, 4-Drainage/sewerage, 14-Industrial projects and 7-eService projects which is commendable.

It has adopted a very transparent and fast tracked system of development for public good while ensuring zero financial and operational lacunae in the overall project implementation which has led to huge public satisfaction on the ground.

I am sure that the Corporation shall be able to create a benchmark in speedy execution of projects and serve as a reference to other organizations.

I compliment the team of JKIDFC for the work done by them in reaching the current milestone.

Smt. Sheetal Nanda,
Director, JKIDFC
“It is promising to observe that Jammu & Kashmir Infrastructure Development Finance Corporation Ltd. (JKIDFC) is launching its 3rd publication underscoring the completion of 600 Projects of public importance. Under the aegis of Hon’ble Lieutenant Governor, Girish Chandra Murmu, the team of JKIDFC- Directors, Managers, IT professionals, and staff deserve high commendation for their valuable insights and concerted efforts. While being socially cognizant of the necessities of the UT of J&K, the team has with much-needed technological interventions enabled a paradigm shift by setting up socially-responsible benchmarks.

It is an honour to join this thriving enterprise and work with the team in disentangling the financial and operational imbroglios of the UT on a real-time basis.

With earnest felicitations, I congratulate the fraternity for achieving the present milestone.”
